

**Be Lord
Jadilah Tuhan...**

**Be Lord within me to strengthen me
dalam diriku untuk menguatkan aku**

without me to preserve me
tanpa aku untuk melestarikanku

over me to shelter me
menaungi aku untuk melindungiku

beneath me to support me
mendasari aku untuk menopangku

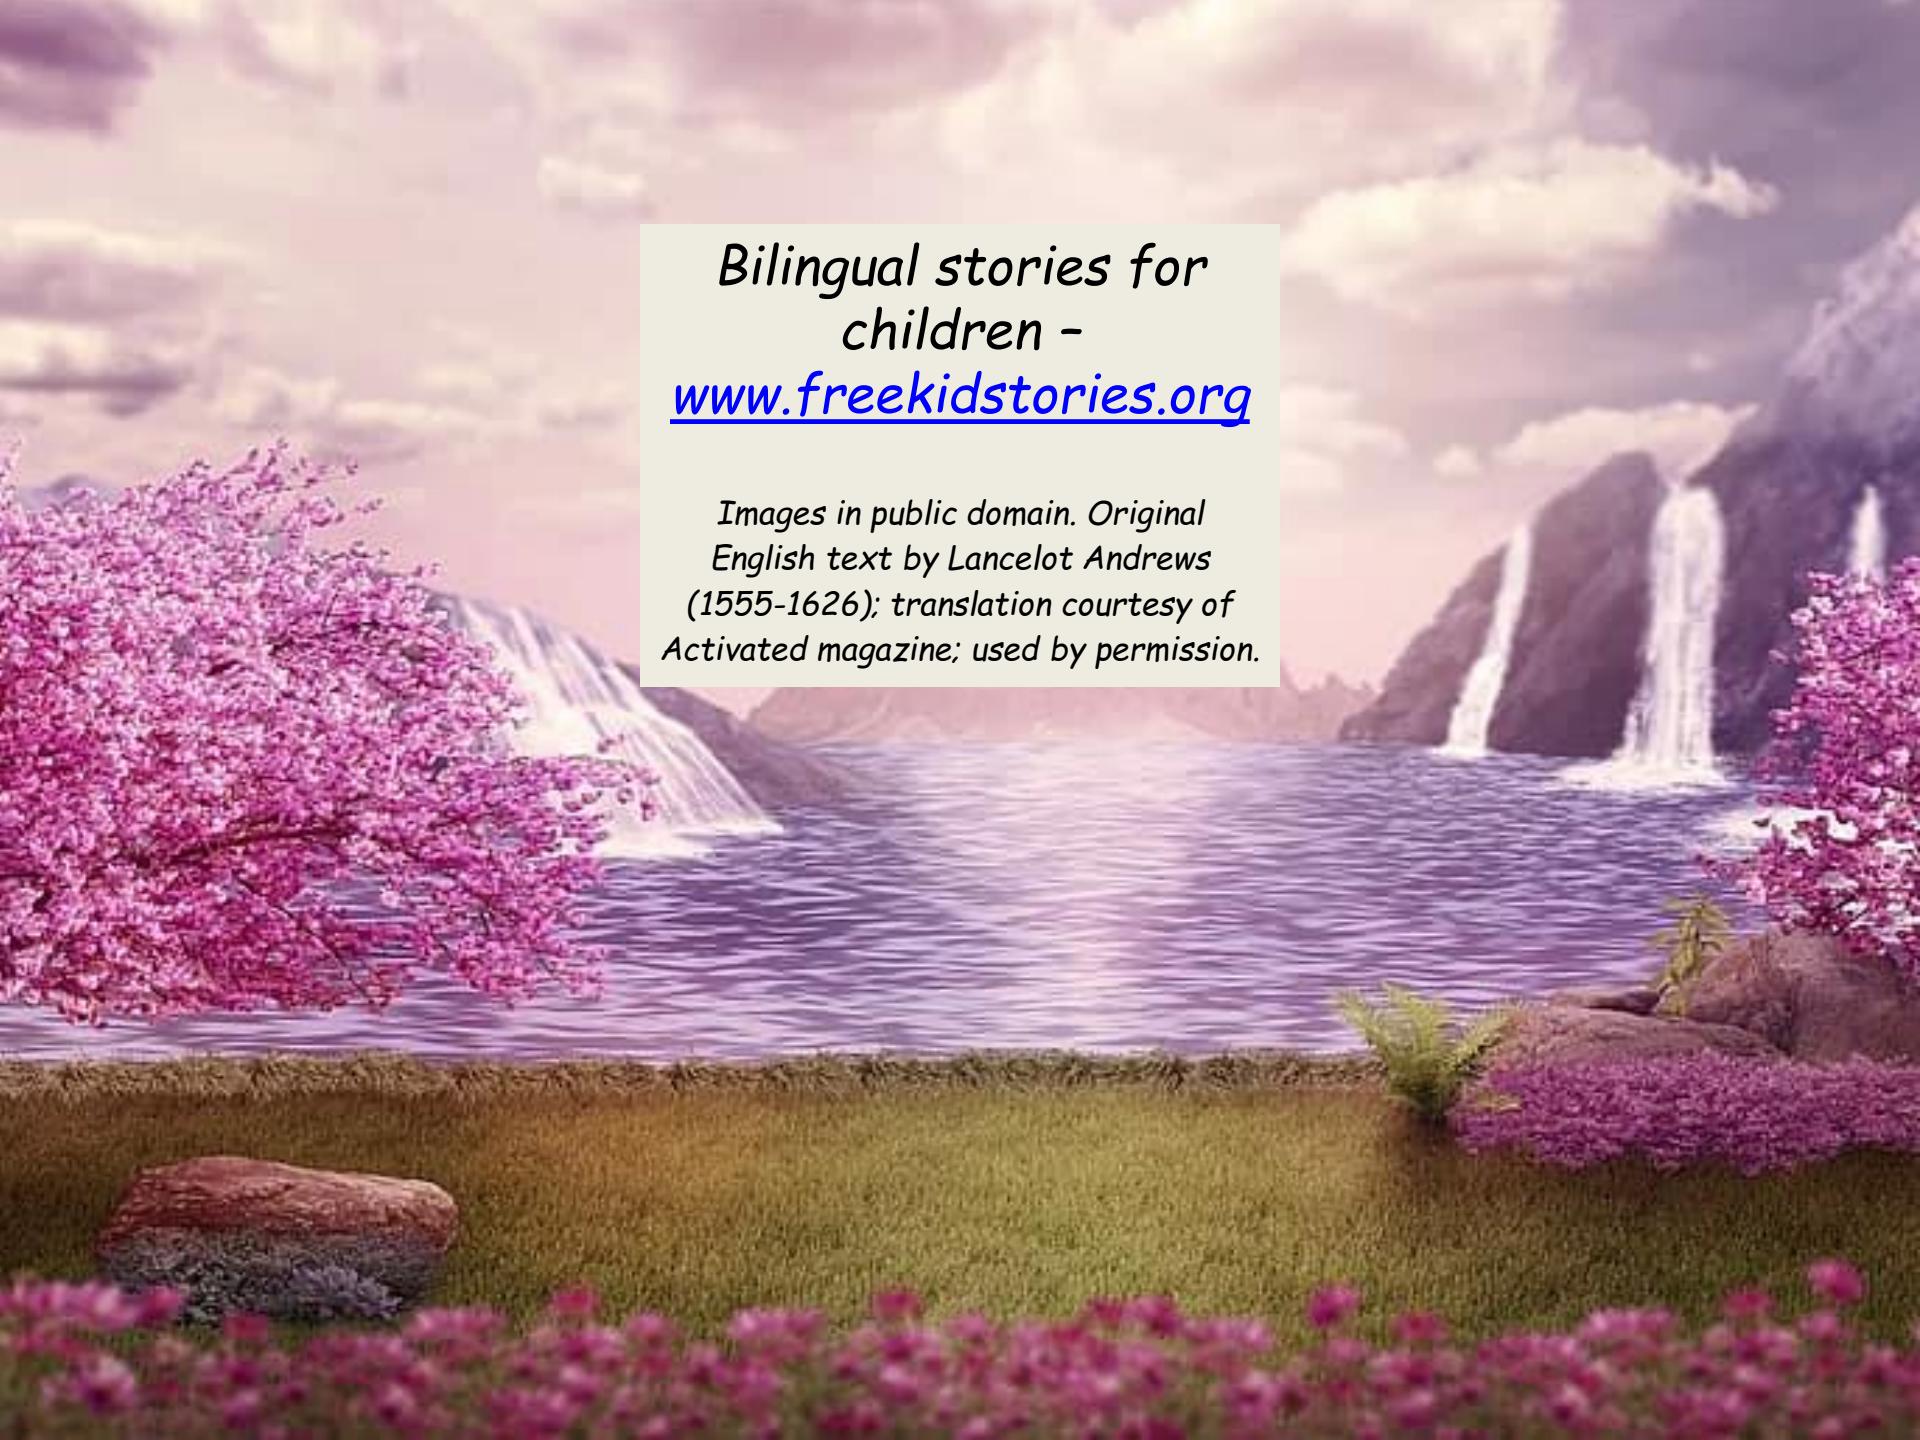

before me to direct me
di depanku untuk mengarahkanku

behind me to bring me back
di belakangku untuk membawaku kembali

around me to fortify me.
di sekelilingku untuk membentengiku.

The background of the image is a scenic landscape featuring a waterfall cascading down a rocky cliff into a calm lake. On the left bank, there is a large, dense tree with vibrant pink blossoms. The foreground consists of a grassy area with a few small rocks and some low-growing purple flowers at the bottom.
